

2020 PARKLAND VILLAGE THOUGHT EXCHANGE REPORT

Parkland School Division 70
Parkland Village School

Q1 What are some things you appreciate and some concerns you have about our school this year?

I love the home reading program. My children love the books and the games. It is great that they don't get "homework" but instead their "homework" is fun.

Concerned about budget cuts & funding for next year, especially when it comes to class sizes. Will the class sizes be too large to adequately meet the needs of all learners? Will there be enough EA support in each class?

Our students look forward to Micro every week, especially the shopping days! It gives them real world, authentic learning experiences! Students are motivated to learn valuable life skills: writing a resume, applying for jobs, interviews, earning a pay check, problem-solving, & more!

I appreciate the teachers dedication and sincere care for the students. I can openly communicate with my childs teacher and trust she is in good hands My concern is class size there are 30 children in her class and it is a kindergarten class. Children at this age need the most attention and care
