## Parkland Village School

### Accountability Pillar Summary Results Report

October 22, 2018

## Background

The Accountability Pillar surveys are administered annually during the months of January to March to:

- Students in Grades 4, 7 and 10;
- Students in Grades 4 through 9 (small schools);
- Parents of students in Grades 4, 7 and 10; and
- Teachers.

Students and teachers complete the surveys online at school while parents receive a copy of the survey by mail and are asked to return the survey directly to Alberta Education by mail. Responses are collected and tabulated into the summary chart released in May and are updated in October to supplement updated academic achievement results through the Provincial Achievement Tests (grade 6 and 9) and the Diploma Examination results (Divisional and First Nations, Métis and Inuit specific).

#### **The Accountability Pillar Summary includes several reports:**

- Parkland Village School's overall summary
- Parkland Village School's First Nations, Métis and Inuit (FNMI) Summary (if applicable)
- New results for all survey measures

#### **Approximate Survey Responses:**

- 3 Parents completed the survey which did not meet the threshold for this data to be released. Unfortunately, low survey responses may not accurately represent our parent population;
- In Parkland School Division, approximately 420 parents responded to the survey. The five-year average for parent responses is approximately 392;
- In Parkland Village School, approximately 25 students responded to the survey;
- In Parkland School Division: 2,482 Students (860 in grades 4-6, 744 in 7-9 and 878 in 10-12) responded; and
- In Parkland School Division, 419 teachers responded including 10 teachers from Parkland Village School.

These are approximate numbers as not every student answers every question.

#### **Highlights and Celebrations**

- Our Micro Society teaches children to apply and interview for a job, to vote and campaign, as well as money management skills which has led to 100% reported satisfaction in work preparation reported.
- Our staff focus on strengths and relationships which shows as 100% of our Grade 4 students report feeling that they are treated fairly by adults in the school, 100% report their teachers are good or very good, and 100% report our school is good or very good.
- 92% of surveyed students report it is easy to get help with school work at our school, and 96% feel their teachers are available to help them when they need it.

## **Areas Requiring Strategic Planning**

Parkland School Division's Ultimate Goal is Student Success and Well-Being.

The Board's new Education Plan for 2018-2019 targets five Assurance Elements in the domain of Student Growth and Achievement:

1. Students demonstrate student learning outcomes and competencies as outlined in the Alberta Programs of Study.
2. Students demonstrate proficiency in literacy and numeracy.
3. Students demonstrate understanding and appreciation for the diversity of all learners.
4. Students are meaningfully engaged learners who demonstrate confident resilience and are inspired to explore without fear of failure.
5. Students and teachers use assessment feedback to identify strengths and areas of need, set goals for new learning, and continuously reflect on their progress.

Our school's plan for education aligns to the Board's Education Plan.

- Our results in relation to our work with at-risk students accessing appropriate programming in a timely manner are declining over time. We are working with our school community to ensure access routes, and knowledge of available programming is widely known and explicit.
